

# **WMEA Fall Meeting**

## **Mining Equipment Maintenance Discussion Board**

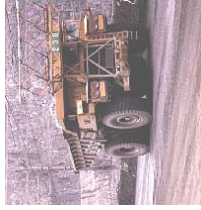

**Mining Equipment Maintenance.com**

# AGENDA

- Who are we?
- What are we talking about?
- Details
- Feedback

[mining equipment maintenance.com](http://miningequipmentmaintenance.com)

# WHO ARE WE?

- Bob Vaughan and Mike Currie met while working at Finning Tractor
- Now IS consultants living in Kelowna
- Objective is to create a useful online solution for the mining industry

[mining equipment maintenance.com](http://miningequipmentmaintenance.com)

# WHAT ARE WE TALKING ABOUT?

- Free Internet Discussion Board
- Mining Equipment Maintenance
- Restricted access - Experts only
- Completely open content & discussions

[mining equipment maintenance.com](http://miningequipmentmaintenance.com)

# Mining Equipment Maintenance.com

Message \*

I just got off a site in the US that was running 8 773's.  
Some stats: Fuel use 10gph, Total running cost US\$50 per  
hour (including depreciation of US\$25). The trucks had 7500  
hours and were 90%+ availability.
